

DONDERO

Nature Playground Campaign 

The Dondero PTA has embarked on a fundraising campaign for a new playground at the Elementary School.

In March 2017, the PTA Board voted unanimously to set aside \$20,000 of the annual budget into a capital fund specifically earmarked for the new playground. Although we believe this is a great start, the average school playground costs run much higher. "A good general rule is to budget for about \$1000 per child, meaning that if you expect 50 kids to be able to play there together, you should budget for about \$50,000."*

We are reaching out to families, businesses, and the community to help us reach this goal. We look forward to your participation!

"Playgrounds play an **essential role** in the social, emotional, cognitive, and physical well-being of students.

They are the natural 'tool' for children to learn to **cooperate, overcome challenges, and negotiate with others**. Playgrounds are where kids can find a constructive, safe place to be **outside playing.**"
