

DONDERO ELEMENTARY SCHOOL 2023 EVENING FOR ECOLOGY - TRIVIA NIGHT SPONSORSHIP TIERS

ABCs of Ecology - \$250

- Logo on Dondero PTA Facebook page masthead leading up to event
- Logo on ticketing system masthead
- Logo in event slide show
- Logo on table tents at event

The ABCs of Ecology lesson gives students the knowledge they need to further investigate ecology, including the four key concepts of the ABCs: Abiotic, Biotic, Cycles and Change.

Battle of the Biotic - \$500

- All benefits of the previous level, plus
- Recognition in our weekly e-newsletter, delivered to over 500 individual email addresses

In Battle of the Biotic, students explore the roles producers, consumers and decomposers play in the forest.

Living on the Edge - \$750

- All benefits of the previous levels, plus
- Donor Spotlight graphic shared on Dondero PTA social media pages
- Recognition by DJ at the event

The Living on the Edge lesson focuses on how factors such as nutrient level, available sunlight, soil permeability and disturbance affect ecosystems.

Nature at Night - \$1000

- All benefits of the previous levels, plus
- Donor Spotlight graphic emailed directly to Dondero families
- Two tickets to the event

During Nature at Night, students will discover the adaptations that nocturnal animals use to survive while being active at night.

EcoQuest - \$1500+

- All benefits of the previous levels, plus
- Opportunity to share promotional materials at the event

In EcoQuest, each group uses scientific tools to complete a set of challenges to discover a mystery ecosystem and create its inhabitants.

Each tier is named for one of our favorites lessons at E-School
